

The following is a suggested sequence to complete the courses within MSU's Online Electrical Apprenticeship Program:

ET 010 Math Fundamentals - You may enroll for this class at any time. (If you are not fond of math, skip this course for now, until you are more comfortable with online learning.)

ET 011 Electrical Fundamentals I - You may enroll for this class at any time.

ET 012 Electrical Code I - You may enroll for this class at any time.

ET 013 Electrical Circuitry - You may enroll for this class at any time.

ET 014 Electrical Wiring I - It is suggested that you enroll for this class after you have completed: *ET 012 Electrical Code I*.

ET 020 Electrical Fundamentals II - It is suggested that you enroll for this class after you have completed: *ET 011 Electrical Fundamentals I*.

ET 021 Electrical Applications - You may enroll for this class at any time.

ET 022 Electrical Code II - It is suggested that you enroll for this class after you have completed: *ET 014 Electrical Wiring I*.

ET 023 AC & DC Machines - It is suggested that you enroll for this class after you have completed: *ET 020 Electrical Fundamentals II*.

ET 024 Electrical Wiring II - It is suggested that you enroll for this class after you have completed: *ET 022 Electrical Code II*.

ET 030 Automaton & Controls I - You may enroll for this class at any time.

ET 031 Transformers - It is suggested that you enroll for this class after you have completed: *ET 022 Electrical Code II*.

ET 032 Swimming Pool & Agricultural Wiring - You may enroll for this class at any time.

ET 033 Electrical Code III - It is suggested that you enroll for this class after you have completed: *ET 024 Electrical Wiring II*.

ET 034 Electrical Occupations - You may enroll for this class at any time.

ET 040 Electrical Code III - It is suggested that you enroll for this class after you have completed: *ET 030 Automation & Controls I*

ET 041 Electrical Systems Planning - It is suggested that you enroll for this class after you have completed: *ET 024 Electrical Wiring II*.

ET 042 Electrical Code IV - It is suggested that you enroll for this class after you have completed: *ET 033 Electrical Wiring III*.

ET 043 Other Automated Systems - You may enroll for this class at any time.

ET 044 Journey Exam Preparation - You may enroll for this class at any time.
