

## Appendix A – State 4-H Horse Show Rules Packet

### DOWN AND BACK

The Down and Back pattern is run around one pole. The pole is placed 75-125 feet from the starting line. Pole should be the size of a 55-gallon drum, with no sharp edges.

The rider will cross the starting line and approach the pole on either side, ride around to the other side of the pole, then return to the starting line.

A disqualification will be assessed for knocking down the pole.
