MICHIGAN STATE | **Extension**
UNIVERSITY

MSU is an affirmative-action, equal-opportunity employer. Michigan State University Extension programs and materials are open to all without regard to race, color, national origin, gender, gender identity, religion, age, height, weight, disability, political beliefs, sexual orientation, marital status, family status or veteran status.

Objectives of the 4-H Cloverbud Cavy Project

1. To gain experience caring for cavies.
2. To explore cavy breeds and feeds.
3. To participate in group activities within your 4-H club.

NOTE:

- ☺ Cloverbud projects are for the child to explore and discover project areas.
- ☺ Cloverbud projects are not to be judged or placed in any 4-H activity.
- ☺ Cloverbuds will participate in cavy showmanship in the Cloverbud class.
- ☺ The responsibility of animal ownership should not lie solely with the child, but with the parents also.
- ☺ Safety of the child should be the primary concern of the Cloverbud project.

4-H Leader's Signature: _____

Cavy Project Photos

Be Creative. The more photographs, the better! You are encouraged to be in the photo with your Cavy project animal(s). You should also include captions on your pictures that at least include the date of the photograph. You may use additional pages.
